

The new Audi A5 Sportback

Pricing and Specification Guide

Valid from October 2009

Personalising your A5 Sportback

This guide has been designed to help you tailor and price your Audi A5 Sportback quickly and logically. At the back, you will also find information on CO₂ emissions-based vehicle excise duty and other services offered by Audi, including Finance and Insurance.

Vorsprung durch Technik.

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi A5 Sportback continues our proud history of innovation.

It's the first mid-size Sportback in the Audi range, an exciting milestone in design. But even in a pioneer like the A5 Sportback, it's rare to find such a balance of different qualities. Its elegant lines and accentuated wheel arches are influenced heavily by the iconic A5 Coupé while it provides the comfort and practicality of a larger family car. It also comes with several different engine options – TDI, FSI and TFSI – all incorporating fuel-efficient direct-injection technology.

Efficiency

At Audi, doing less is something we're trying to do more of. We're working to use less fuel, release less CO₂ and waste less energy. It's why we've incorporated a number of more efficient technologies into the Audi A5 Sportback.

Recuperation

When a vehicle brakes, the brake discs convert the kinetic energy into thermal energy, which is wasted as it cannot be used. With a recuperation system, like the one in the Audi A5 Sportback, the kinetic energy is converted into useful electrical energy. The way it works is simple. While the car is coasting or braking, the alternator voltage is raised above the level of the basic electrical system, which enables the alternator to generate electrical energy and store it temporarily in the battery. When the vehicle accelerates, this energy is used to relieve the load on the alternator, resulting in a fuel saving of up to 3%.

Automatic Start-Stop function

In heavy traffic, your car still uses fuel and releases CO₂, even when it's stationary. The automatic Start-Stop function counteracts this problem by switching off the engine when your car comes to a standstill. As soon as you touch the clutch, the car restarts. In conjunction with TDI and TFSI, it helps save 0.4 litres of fuel every 100km.

Efficiency programme

The Driver's Information System in the Audi A5 Sportback is available with a special efficiency programme, which offers up-to-the-minute advice on ways you can improve fuel economy as you drive. It also shows you which items in your car are using energy, and how much they are using, so you can make an informed choice about which ones to switch off.

Engine

Our cars come with a variety of engine options, incorporating the latest technology. Both our petrol and diesel engines have a proud racing heritage, helping us achieve unprecedented success over the years in the Le Mans 24-hour endurance race.

Petrol

FSI direct-injection technology is a unique Audi innovation that was originally developed for the Le Mans 24-hour endurance race to deliver more power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to 'breathe' more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions. We've also developed TFSI, with either turbocharging or supercharging, which combines FSI technology with forced induction – giving cars an extra injection of power.

Diesel

We introduced TDI to the roads in 1989, marking a departure from the noisy, fuel-thirsty diesel engines of the past. And since then, we've continuously refined it, recently developing common-rail technology. Under this system, a series of piezo injectors use electrical charge to precisely control the amount of fuel injected into the engine. As well as reducing noise, this allows combustion to happen at a lower temperature, with less oxygen, which cuts down emissions.

Transmissions

multitronic®

Translating a driver's preferences and intentions into road performance, the multitronic transmission system entertains no compromises – whether in terms of dynamism, convenience or economy. multitronic automatic transmission is available on models without quattro® permanent all-wheel-drive. A continuously variable transmission, multitronic can transmit up to 310 Nm of torque and permits an exceptionally wide range of gear ratios. The result is smooth, powerful acceleration and a high level of driving comfort. And thanks to its lightweight design and a number of advanced electronic control systems that monitor gradient, road conditions and the way the driver is using the accelerator pedal, multitronic also plays an instrumental role in reducing fuel consumption.

S tronic®

Driving is all about thinking ahead, which is just what the S tronic dual-clutch transmission does. It works almost as two separate systems, one engaging the odd-numbered and the other the even-numbered gears. So when you're accelerating in second, it has third gear waiting for you. And once you make the switch, it's already thinking about fourth. With two clutches working together, you can change gears almost instantly while experiencing smooth, uninterrupted power.

quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 25 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the A5 Sportback so thrilling to drive. It's called quattro® permanent all-wheel-drive.

The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe. In the A5 Sportback asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, sportier drive.

Standard model equipment

All new A5 Sportback models have the following items of Standard equipment.

Engines

Automatic Start-Stop function for greater fuel and CO₂ efficiency. Comprising:

- Recuperation for optimal energy utilisation
- Energy-saving tips feature in Driver's Information System; including gearshift indicator

(Only available on the 2.0 TFSI and 2.0 TDI manual engines)

Wheels, tyres and suspension

17" x 7.5J '6-arm' design alloy wheels with 225/50 R17 tyres and locking wheel bolts

Space-saving spare wheel

Audio and communication

Audi Concert audio system. Single CD with MP3 compatibility, colour centre console screen, SD memory card reader and AUX-IN socket in centre console
6 speakers

Safety and security

ESP

First aid kit

Front and rear fog lights

Front and rear ISOFIX preparation with front passenger airbag de-activation switch

Front side airbags

Halogen daytime running lights

Headlight range adjustment

Thatcham category 1 alarm and immobiliser

Toolkit and car jack

Warning triangle

Seats

Arcade cloth seats

Split-folding rear seat

Interior equipment

1-zone climate control

3-spoke leather steering wheel

Driver's Information System (DIS)

Electric windows

Electromechanical parking brake

Front and rear floor mats

Intelligent key

Micrometallic inlays

Steering column adjustment for rake and reach

Interior chrome package

Exterior equipment

Exterior mirrors – electrically operated and heated

Front grille – Black gloss on 3.2 FSI and 3.0 TDI quattro® models, Stone grey on all others

Exhaust pipes – 4-cylinder models have two exhaust pipes on the left-hand side. 6-cylinder and 2.0 TFSI models have one exhaust pipe on either side

17" x 7.5J '6-arm' design alloy wheels

Audi Concert audio system

Split-folding rear seat

LED high level brake light

SE model equipment

In addition to Standard model equipment.

Optional colours

Basic RRP

£1,478.26

Total RRP inc VAT

£1,700.00

Wheels, tyres and suspension

17" x 7.5J '7-arm' design alloy wheels with 225/50 R17 tyres and locking wheel bolts

Audio and communication

Audi sound system speaker package, 10 speakers including subwoofer (180 Watts)

Safety and security

Rear parking sensors
Automatic headlight operation (6-cylinder models only)
Automatic windscreen wipers (6-cylinder models only)

Seats

Milano leather seats

Interior equipment

3-spoke leather multi-function steering wheel (paddle shift for automatic models).

1-zone climate control – 4-cylinder models

Deluxe 3-zone climate control with separate air distribution and digital display for driver and front passenger. System includes air-conditioning controls in the rear centre console for rear passenger compartment – 6-cylinder models

Colour Driver's Information System (DIS)

Front centre armrest including 2 x 12V power sockets

17" x 7.5J '7-arm' design alloy wheels

Colour Driver's Information System (DIS)

Milano leather seats

Split-folding rear seat

Archiv: www.auto-preisliste.de

S line model equipment

In addition to SE model equipment.

Optional colours

Basic RRP
£1,913.04

Total RRP inc VAT
£2,200.00

Wheels, tyres and suspension

18 x 8J '5-arm' S line design alloy wheels with 245/40 R18 tyres and locking wheel bolts

Sports suspension with shorter spring settings and shock absorbers (S line Sports suspension available at no charge)

Interior equipment

3-spoke S line multi-function steering wheel (paddle shift for automatic models)

Black headlining

Matt brushed aluminium inlays

Perforated leather gear knob

S line embossed Sports seats in Milano leather

S line sill plates

Exterior equipment

Bumper 'blade' in platinum optic

Chrome fog light surround

Chrome rolled exhaust

S line exterior styling package including:

- S line side skirts
- S line front bumper
- S line rear diffuser
- S line badges on wings

Xenon headlights with LED front lights and LED rear lights

18 x 8J '5-spoke' S line design alloy wheels

3-spoke S line multi-function steering wheel

Perforated leather gear knob

S line embossed Sports seats in Milano leather

Additional information

CO₂ data and information

CO₂ emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines

A – up to 100g/km	£0.00
B – 101 to 110g/km	£35.00
C – 111 to 120g/km	£35.00
D – 121 to 130g/km	£120.00
E – 131 to 140g/km	£120.00
F – 141 to 150g/km	£125.00
G – 151 to 165g/km	£150.00
H – 166 to 175g/km	£175.00
I – 176 to 185g/km	£175.00
J – 186 to 200g/km	£215.00
K* – 201 to 225g/km	£215.00
L – 226 to 255g/km	£405.00
M – over 255g/km	£405.00

*Band K includes cars that have a CO₂ figure over 225g/km but were registered before 23 March 2006.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service Schedule has fixed intervals for the Oil-change and Inspection Service that are based on time

and distance, whichever comes first. With the Audi LongLife Service Schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows;

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10 year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our duty of care, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you*. We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2 year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

- ▶ A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- ▶ A 3-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ 3 years' UK roadside assistance and recovery

Archiv: www.auto-preisliste.de

This package, together with Audi variable service intervals, offers a combination unmatched by any other major manufacturer.

Contact your Audi Centre for full details.

Extended Warranty

1 year Warranty Extension.

Audi Warranty Extension prolongs your 3 year/60,000 mile Audi warranty to 4 years or 75,000 miles (whichever comes sooner). Comprehensive cover equivalent to the Audi warranty protects you against unexpected repairs. This is available when you buy a new car but it is transferable between owners.

Contact your Audi Centre for full details.

2 year Warranty Extension.

Audi Warranty Extension prolongs your 3 year/60,000 mile Audi warranty to 5 years or 90,000 miles (whichever comes sooner). Comprehensive cover equivalent to the Audi warranty protects you against unexpected repairs. This is available when you buy a new car but it is transferable between owners.

Contact your Audi Centre for full details.

Audi Tax-Free Sales

If you are entitled to purchase a vehicle free of VAT, normally through Military or Diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call Freephone 0800 585878.

Audi Finance

Audi Finance specialise in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there are a range of funding options to choose from.

Below is the full range of finance products.

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter what Audi model you choose, your local Audi Centre can provide you with a personalised quote which could fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

Competitive comprehensive motor insurance designed specially for Audi drivers. All new Audi models come with complimentary seven-day cover upon request – we'll email a cover note directly to your Audi Centre, enabling them to tax your car easily. This way, you can drive straight out of the showroom. Taking out an annual policy is easy and it can begin as soon as your free 7-day cover expires.

For more information, contact your local Audi Centre. Alternatively, call 0800 051 3146 for a quote and to receive 7 days' complimentary cover for your new Audi.

Audi Insurance is underwritten and administered by Zurich Insurance Company.
