

The Audi RS 6 Avant

Pricing and Specification Guide

Valid from May 2016

Personalising your Audi RS 6 Avant

This guide has been designed to help you tailor and price your Audi RS 6 Avant quickly and logically. At the back, you will find information on CO2 emissions-based taxation and services offered with your Audi, including Finance and Insurance. You can also configure your Audi RS 6 Avant online at www.audi.co.uk

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Vorsprung durch Technik

Three words that express the very essence of Audi – Vorsprung durch Technik. It's not just a slogan, it's our way of seeing the world and the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that have become synonymous with Audi remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

Introducing the RS 6 Avant

The RS series is the culmination of our proud motorsport heritage. The result of many years of technical expertise – on roads and racetracks all over the world – the RS 6 Avant brings together astonishing performance with luxury and refinement.

Exterior styling is unmistakable; with signature RS hallmarks such as flared wheel arches and enhanced body styling. And with up to 605PS, the V8 twin turbo engine delivers 0-62mph in up to 3.7 seconds. It's clearly a car with our racing heritage in its genes.

Matrix LED lights

Illuminating features

The Audi RS 6 Avant's Matrix LED headlights don't just produce a light that is similar in colour to daylight. They also incorporate remarkable technology that adapts automatically to the car's surroundings.

Fitted as standard, sensors and an inbuilt camera allow Matrix LED headlights to detect the rear and oncoming headlights of other road users, as well as ambient light in built-up areas. The technology then reacts by dipping individual LEDs to prevent dazzle, while still fully illuminating the remainder of the road.

Using the vehicle's navigation data, Matrix LED technology can even anticipate corners, adjusting LEDs as you negotiate the bend. The result is a much wider visual range, benefitting both you and other road users. Dynamic sweeping indicators complete the striking look both at the front and rear.

Handling dynamics

A car as powerful as an RS needs an equally powerful braking system. So each 19" RS brake disc is internally ventilated and perforated for enhanced performance, with a special 'floating' friction ring designed to handle high temperature loads. And for even more strength and thermal resistance, you can upgrade to our 20" high-performance brake system with carbon-reinforced, ventilated and perforated ceramic brake discs.

There are more features available to complement the RS 6 Avant's performance. The optional RS Sport suspension with Dynamic Ride Control has a special shock absorber system that counteracts pitch and body roll, giving you an overall feeling of stability in even the most demanding corners. Add dynamic steering and you'll benefit from reduced steering effort at low speeds and a smoother ride at high speeds.

Power when you need it most

The 4.0-litre V8 TFSI engine features Le Mans winning fuel-injection technology which enhances efficiency, power and torque, making it capable of taking you from 0-62mph in just 3.7 seconds.

However, high performance doesn't necessarily equate to higher fuel consumption. Advanced cylinder-on-demand technology automatically shuts down four of eight cylinders when they're not needed – for example, when coasting at constant speed on the motorway or in city traffic – so you'll benefit from the efficiency of a car with a smaller engine. But once you reach the open road, the full power of the V8 engine is ready and waiting.

A gearbox with the best of both worlds

The RS 6 Avant features an 8-speed tiptronic transmission with DSP (Dynamic Shift Programme). It's a gearbox that gives you the best of both worlds. Choose between the smooth and virtually uninterrupted power of an automatic, or use the steering wheel paddles or gear lever to switch to manual mode, for a more dynamic drive on inclines and winding roads.

As well as enabling crisp, fast gear changes, tiptronic considers factors like the type of road you're driving on, determined from navigation data, to select the appropriate gear.

quattro

It's the technology that has been synonymous with Audi ever since it was first introduced over 30 years ago – a technology that helps deliver greater traction on all surfaces. It's called quattro permanent all-wheel-drive.

The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels aid acceleration and road-holding by distributing power to each individual wheel as necessary. The result is a dynamic driving experience in all conditions.

quattro with Sport differential

Fitted as standard on the RS 6 Avant, quattro with Sport differential takes the driving dynamics of quattro to a whole new level, improving stability and agility.

By distributing torque variably to each of the rear wheels, the car steers even more spontaneously and directly. When cornering, for example, power is redirected to the outside rear wheel, literally pushing the car through the bend. It requires less steering effort for a more agile, enhanced drive.

RS 6 Avant interior story

We've introduced a number of finishing touches to the Audi RS 6 Avant interior to make your driving experience unique. You'll find an impressive attention to detail in everything from the luxurious honeycomb-design Valcona leather to our inlays and seating options which means that every journey you make will be a personal one.

Technology

Technology is advancing at an ever faster pace and choosing the right technology for your car is an important decision.

Here at Audi, we strive to make that choice as easy as possible. That's why MMI Navigation plus is standard on the RS 6 Avant and we have packaged some of our most innovative options together for simplicity. An example of this is our Assistance Pack which features Audi Side and Lane Assist and Adaptive Cruise Control with Stop&Go. Head-up display is a popular option whilst Audi Phone Box has also been packaged together with Audi Connect to enable our most advanced form of Bluetooth connectivity including Wi-Fi hotspot capability. For further details please see pages 50, 52 and 53.

MMI Navigation Plus

With HDD-based MMI Navigation Plus with MMI Touch, you can let yourself be guided to your destination with even greater ease by the 3D map view and 3D displays of places-of-interest and landmark buildings. Destinations can be entered via speech dialogue, the MMI rotor, or the MMI touchpad which recognises letters you write with your finger.

Head-up display

A system which projects key driving-related information in colour graphic display into your field of vision so there is no need to take your eyes off the road.

Audi Phone Box*

Enables phone calls to be made with improved reception quality by placing the mobile phone in the storage compartment provided in the centre console to create a 'wireless' connection to the vehicle aerial (subject to network coverage). Operated via the MMI control panel, the multi-function steering wheel or the voice control system. Wireless charging available (with Qi-enabled compatible phones) or phone can be charged via USB port. Audi Phone Box option also provides an additional Bluetooth interface for a second device, meaning two mobile phones can be connected to the vehicle simultaneously.

Audi Side Assist

An assistance system for multi-lane roads which helps alert you to other vehicles in your blind spot when changing lanes. Using radar sensors discreetly hidden in the rear bumper, other vehicles are detected and the driver alerted with a visual warning signal in the door mirror.

Audi Active Lane Assist

A safety system which helps to keep you in lane by means of gentle steering intervention when lane boundary markings are detected. Particularly useful on long motorway journeys is the active lane centring feature which gives steering assistance to keep your vehicle in the centre of the lane.

Adaptive Cruise Control with Stop&Go

Adaptive Cruise Control with Stop&Go featuring Pre-sense plus detects vehicles ahead using a radar sensor. The distance between the vehicles is kept more or less constant by automatic braking or accelerating. Pre-sense plus provides enhanced brake assist functions which can detect and warn of imminent collision threats, as well as initiate maximum braking to help avoid or minimise collisions, if possible.

Vehicle driver assistance and safety systems are not a substitute for attentive driving. Drivers take full responsibility for maintaining the necessary inputs for safe control of the vehicle.

*For mobile phone and software version compatibility, please visit your Audi Centre or www.audi.co.uk/phonecompatibility

Audi

Wi-Fi hotspot

Connects your mobile devices to the internet

Email

Your emails can be transmitted to your Audi MMI and read out conveniently[†]

Text messages

Messages are displayed or read out to you; you can also reply using the dictation function[†]

Twitter

Enables you to tweet and receive updates on the move, with text-to-speech and other convenient text functions

Weather information

Gives you forecasts and maps for your chosen destination

News online (individual)

Text and images from your favourite news sources with text-to-speech function

Map update online

The map version delivered can be updated free of charge with the first five navigation updates which are issued at intervals of six months. In conjunction with Audi Connect, the update can be carried out online in the vehicle. See page 64 for details

City events

Up-to-date information about events – happening at your destination

Points-of-interest

Search Google™ using voice control

Traffic information online

Complements the dynamic route guidance with real-time traffic flow information for individual stretches of road

myAudi – special destinations

Import individual point-of-interest (POI) lists to your satellite navigation system via the myAudi portal

Train information

Find departure and arrival times and platform information while you're on the road (also available for other types of public transport such as underground systems)

Picturebook navigation

Uses GPS data from your photos to get you to your destination

Country-specific information

The legal regulations for a specific country, such as speed limits or whether it is compulsory to carry a high-visibility vest or display a motorway toll sticker, are displayed when crossing a border

Fuel prices

Information on filling stations with the cheapest prices in your selected search area

Parking information

Helps you find car parks nearby and, where available, information on prices and currently vacant spaces

Flight information

Get information about departure and arrival times as well as the corresponding gates and search directly for flight numbers

Access smartphone voice control

Such as Siri (iPhone 4S and higher). By pressing and holding the voice control button on the multi-function leather steering wheel you can access the voice control function of the Bluetooth-connected smartphone directly even while driving

Navigate with Google Earth™ and Google Street View™

Uses high-resolution aerial and satellite images as well as photos to guide you to your destination with ease

Connect

Stay networked on the move

Being inside your car shouldn't mean losing touch with the outside world. That's why, with the optional Audi Connect, the RS 6 Avant creates a link between you and the internet.

With 4G internet access in your car, you can go online to access information, entertainment and Google Earth™ navigation maps by scrolling, tapping or speaking your commands. Audi Connect can even read aloud your text messages and allows you to dictate a response. And, with a wireless hotspot within the car, passengers can connect up to 8 mobile devices – to browse the internet, download emails, or access social media.

With Audi Connect, the world is at your fingertips.

Please note that an external data source is required to enable Audi Connect online services. Terms and conditions apply to certain Audi Connect functions. Please see page 64 for additional information. *For mobile phone and software version compatibility, please visit your Audi Centre or www.audi.co.uk/phonecompatibility

RS 6 Avant model equipment

All RS 6 Avant models have the following items of standard equipment

The RS range incorporates some of our most exclusive, dynamic and sporty models. But in the unmistakable RS 6 Avant, you'll find not only the high performance and sophistication you'd expect, but also a surprising level of functionality that makes this a great car for everyday use.

Engine and transmission

75-litre fuel tank

Audi cylinder-on-demand technology

Wheels, tyres and suspension

20" x 9.5J '7-twin-spoke' design alloy wheels with 275/35 R20 tyres and locking wheel bolts

Audi Drive Select. Changes your car's handling and response at the touch of a button to suit the way you want to drive. Enables the driver to alter the throttle response, the shift point of the automatic transmission, RS Adaptive air suspension, exhaust flap control and the power steering feel between the three pre-set modes: Comfort, Dynamic, Auto or Individual mode

Electromechanical power steering

Tyre Mobility System

quattro permanent all-wheel-drive with Sport differential. The electronically regulated Sport differential distributes variable amounts of driving force to each rear wheel, stabilising the vehicle's response to load change, improving stability and agility especially when cornering. It ensures better direct steering characteristics and thanks to less steering effort, more agile handling

RS-specific Adaptive air suspension.

Electronically controlled air suspension with variable adaptive damping system on all four wheels, with RS-specific tuning. This automatically controls the vehicle level and damping, with four modes: Comfort, Dynamic, Auto and Lift, which can all be selected via the MMI system

RS high-performance braking system with brake calipers painted in High-gloss black with RS logo

Lighting

Audi Matrix LED headlights. A direct evolution of Audi's LED headlights, Audi Matrix technology provides maximum and precise illumination at all times without dazzling other road users. The vehicle uses information obtained from multiple sources including the interior mirror camera and navigation system to identify the appropriate lighting required; using GPS data the vehicle will use high beam, but will automatically switch to dipped lighting when entering built up areas; whilst high beam is in use, and oncoming traffic is detected, the Matrix beam dips or fully extinguishes individual lighting diodes. Matrix beam is capable of establishing and tracking multiple road users and illuminating the appropriate

corridors of lights either side of them to maintain maximum visibility of the road and surrounding environment without causing disruption to other drivers. Matrix beam technology includes dynamic front and rear indicators which dynamically sweep from inside to out. This helps to clearly identify not only that the vehicle is turning but in which direction – increasing road safety as it is easier for other road users to determine which way cars are moving in a shorter amount of time

Headlight washers

Darkened rear LED lights

20" x 9.5J '7-twin-spoke' design alloy wheels

Valcona leather with honeycomb design and embossed RS logo

Audio and communication

MMI Navigation Plus including MMI Touch. Hard disk navigation with topographical map display, places-of-interest and town models in 3D. Destinations can be entered via the speech dialogue system or MMI Touch, including 7-digit postcode recognition. Includes electrically extending high resolution 8" colour display. Provides detailed route information: map preview, choice of alternative routes, lane recommendations at motorway exits and detailed junction maps. Incorporates MPEG4-compatible DVD player and two SDXC memory card readers. Hard drive for music storage up to 10GB. Also includes a map update service for downloading the latest navigation data*

MMI Radio Plus

DAB digital radio reception

Colour Driver's Information System (DIS) with 7" display with rest recommendation. Shows the radio station or track title, telephone control, menu and other display information from the infotainment system, such as navigation and on-board trip computer with short and long-term trip memory, outside temperature display, digital speedometer and door or boot-open warning. Also includes RS menu with gear changing light, charging pressure and lap timer

BOSE® surround sound

- 14 speakers including centre speaker in the dashboard and subwoofer under the boot floor
- Two surround sound speakers in the D-pillar
- 12-channel amplifier with a total output of over 600 watts
- Acoustics specially tuned to the interior
- Surround sound reproduction 5.1
- AudioPilot for noise-compensating volume adjustment
- Powerful, precise bass reproduction

Bluetooth interface – for hands-free mobile phone connectivity and Bluetooth audio streaming (depending on compatibility of mobile phone and software version, please visit www.audi.co.uk/phonecompatibility)

Audi Music Interface. Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards (iPod, iPod classic, iPod nano, iPod photo, iPod video, iPod touch). The interface provides charging function (dependent on device and cable). Includes two cables to connect your iPod or USB MP3 player device

Exterior equipment

Metallic or pearl-effect paint

RS body styling

- Flared front and rear wheel arches
- Front bumper with enlarged air inlets
- Front spoiler
- Honeycomb-design grille
- Rear diffuser
- Roof spoiler
- Side sill extensions

Matt-finished aluminium-look door mirror housings, window capping strips, radiator grille frame and front spoiler

Roof rails in matt aluminium

Dual-branch exhaust system with two oval tailpipe trims

Exterior mirrors – heated, electrically adjustable, electrically folding and auto-dimming, with automatic kerb view function which tilts the passenger mirror downwards towards the kerb when reverse gear is engaged. Includes memory function

Electric tailgate

Tow bar bracket preparation – the set of parts for retrofitting is available from Audi Accessories or available as an option (see page 54)

Honeycomb-design grille

Roof spoiler

Darkened LED rear lights

RS 6 Avant model equipment

Continued

Interior equipment

RS 3-spoke flat-bottomed leather multi-function steering wheel with gear-shift paddles in aluminium-look, contrast stitching and RS emblem

Electrically adjustable steering column – adjustable for height and reach with auto easy entry and exit function and memory

Inlays in Carbon

Aluminium-look pedals and footrest

Auto-dimming rear-view mirror

Deluxe 4-zone automatic air conditioning

Ambient lighting package – includes lighting for the interior and exterior

Interior:

- Entrance lighting
- Two reading lights at front and rear
- Anti-glare LED illumination for the passenger compartment
- Vanity mirrors at front
- Ambient lighting of the centre console
- Ambient reflected light for inside door trims
- Lighting for door pockets, footwells, and inside door handles
- Reflected lighting for centre console and door inner panels
- Surround lighting for centre console
- Illuminated door sill trims with RS 6 logo
- Glove compartment and luggage compartment lighting

Exterior:

- Courtesy light on the underside of the door handles and LED door handle lighting for easy entry and exit in the dark
- Automatic activation when the doors are unlocked
- Active internal door reflectors

Seating

Valcona leather upholstery

RS Super Sport front seats with driver's side memory function including:

- Stitched honeycomb quilted design with embossed RS logo
- Electrically adjustable seat height
- Electrically adjustable upper backrest angle
- Electrically adjustable seat cushion angle
- Electrically adjustable seat forwards and backwards position
- 4-way electric lumbar support

Heated front seats

Split-folding rear seats

RS 3-spoke flat-bottomed steering wheel

Inlays in Carbon

Assistance systems

Cruise control

Electromechanical parking brake. Includes parking brake function when stationary, drive-off assistance function through automatic release when driving away and emergency braking function whilst driving, acting on all four wheels

Audi Hill-hold assist. Holds the vehicle stationary for unlimited periods after stopping on upward and downward slopes

Audi Parking System Plus. Acoustic and visual parking system for front and rear

Rest recommendation system. Analyses driving behaviour based on steering, pedals and gear lever movements. If the system detects a change in driving patterns it can notify the driver of the possible need to take a rest via audio and visual effects

Light and rain sensor

Tyre pressure monitoring system

Safety and security

ISOFIX child seat mounting – for front passenger (with airbag deactivation) and outer rear seats. Including Top Tether attachment point for the outer rear seats

6 airbags

- Front airbags
- Front side airbags
- Curtain airbags

Electronic Stability Control (ESC)

Anti-lock Brake System (ABS)

Anti-Slip Regulation (ASR)

Electronic Differential Lock (EDL)

First-aid kit

Thatcham Category 1 alarm

Tool kit and car jack

Warning triangle

RS instrument panel including RS gear-shift light, with Piano black trim surround

Door sill trims with aluminium inlays and RS 6 logo

Parking Pack. Enhancing the parking sensors that come as standard, this pack adds a rear view camera to help optimise your view while parking and can even help you find and manoeuvre into a parking space
Park assist – searches for suitable parking spaces along the road by means of ultrasonic sensors, calculates the ideal parking path and performs the steering action virtually automatically. The system can support the driver with:
- Parallel parking in reverse
- Exiting a parallel parking space, driving forwards
- Reverse bay parking
Steering is done by the vehicle, with the driver responsible for acceleration and application of the brakes
Audi Parking System Advanced with reversing camera. An image of the area behind the vehicle is shown on the MMI display, with dynamic display modes showing the calculated path (steer-angle dependent); includes help lines, guidelines and identification of the point at which to apply opposite lock when parallel parking. The reversing camera is concealed in the handle strip of the tailgate

Parking Pack Advanced. Features all the content of the Parking Pack and adds a top-view image
- In addition to the benefits of the Parking Pack, safety and assurance is further enhanced through the use of additional cameras in the front grille, handle of the bootlid and the housing of the two exterior mirrors, which support entry and exit from tight spaces. The driver can also choose between different image representations in the MMI display, including a live 'bird's eye view' image for parking

Entertainment Pack. Keep all your passengers entertained, no matter how long the journey may be
Digital TV reception – TV tuner for reception of free-to-air TV channels. Reception dependent on local network availability. Picture display only possible on MMI screen when your RS 6 is stationary, audio available at all times
Rear seat entertainment system – includes two separate portable entertainment units, each with a 9" screen* mounted to the back of the front seats. Playback available from a variety of sources including Bluetooth, CD/DVD, SD Card, USB and AV.
Carry case, remote control, table-top stand, 2.5 hour battery for external playtime, charging lead and headphones also included.
Only in combination with Comfort seats (PS8)

Park assist available within Parking Pack and Parking Pack Advanced

Reversing camera available within Parking Pack

Audi Entertainment Mobile available within Entertainment Pack

PA2	Dynamic Package. Includes a top speed restriction increase to 174mph,* RS Sport suspension plus with Dynamic Ride Control (2MC), Dynamic steering (1N8). Please see page 51 for more information about the individual options. Please note this option forces the removal of Tow bar bracket preparation (1D0)	●	●	£2,600.00
PA3	Dynamic Package Plus. Includes a top speed restriction increase to 189mph,* Ceramic brakes (PC5), RS Sport suspension plus with Dynamic Ride Control (2MC) and Dynamic steering (1N8). Please see page 51 for more information about the individual options. Please note this option forces the removal of Tow bar bracket preparation (1D0)	●	●	£11,500.00
PCN	Assistance Pack. Includes the following items: Adaptive Cruise Control with Stop&Go which uses radar sensors to detect vehicles ahead. The distance between vehicles is maintained by braking or accelerating Pre-sense plus. Includes enhanced brake assist functions which can detect and warn of imminent collision threats as well as initiate maximum braking to help avoid or minimise collisions, if possible Audi Side Assist. Aids the driver when changing lane. Audi Side Assist monitors the area behind your car, using radar sensors located discreetly in the rear bumper, informing the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind Audi Active Lane Assist. Helps the driver to stay in lane with gentle steering impulses for greater safety and convenience, particularly on motorways and country roads: - Informs driver if car is drifting out of lane without activating the indicator (works at speeds above approximately 37mph) - Driver has the choice of two system settings in the MMI: 1) Steering point "early" continuously helps the driver to stay in lane with steering impulses that centre the vehicle in its lane 2) Steering point "late" alerts the driver that the vehicle is possibly crossing the lane markings at the same time as providing a corrective steering prompt - Additional warning via vibrating steering wheel when lane markings are crossed, if specified by driver - Additional indication in Head-up display (if fitted) In combination with Audi Side Assist there is also a noticeable steering intervention before changing lane if a lane change is judged to be hazardous due to an approaching vehicle. This intervention only occurs when both systems are activated and are ready	●	●	£2,100.00
WFL	Convenience Pack. An optional pack featuring numerous useful items to make your RS 6 Avant as practical and as functional as possible - The luggage compartment comes with a reversible mat, a fixing set for the rail system which includes a telescopic pole and fastening strap for dividing up the luggage area. A through-load facility for long items is also provided - Manually adjustable blinds on the rear window and rear door windows	●	●	£625.00

2MC	RS Sport suspension plus with Dynamic Ride Control (DRC). Enhanced suspension set-up which consists of a special shock absorber system that counteracts pitch and body roll movement without using any electronic devices. With DRC, diagonally opposed shock absorbers on the car are linked together hydraulically. A central valve varies the shock absorber operating characteristic, for example when the steering wheel is turned and the car is cornering, so that movement around the longitudinal axis (roll) is significantly reduced. DRC uses the same principle to counteract body movement around the transverse axis (pitch) when the car is accelerated or braked. There is a choice of three settings: Comfort, Dynamic or Auto. Please note this option forces the removal of Tow bar bracket preparation (1D0)	•	•	£1,000.00
1N8	Dynamic steering. Improves comfort and handling by dynamically regulating steering according to the driving situation. Allows steering feel to be adapted to road speed and the chosen Audi Drive Select mode. With this technology, driving is more agile under everyday conditions, while directional stability and precision are increased at high speeds and in demanding driving situations. Also enhances active safety with corrective steering inputs if critical situations are detected	•	•	£1,210.00
6Y4	Top speed restriction increase to 174mph*	•	•	£1,450.00
0P6	Sport exhaust. Oval-shaped, high-gloss black dual-exhaust pipes which further enhance the engine sound	•	S	£1,000.00
PC5	Ceramic brakes. 20" high-performance brake system with carbon-fibre reinforced, ventilated and perforated ceramic brake discs. Brake calipers are painted in high-gloss anthracite with 'Audi ceramic' logo on front. Benefits include extremely high level of wear resistance and enhanced fading resistance due to a lower sensitivity to high thermal loads. Not available in combination with Red brake calipers (PC2)	•	•	£9,375.00
PC2	Red brake calipers. Painted in high-gloss red. Not available in combination with Ceramic brakes (PC5)	•	•	£430.00

Standard brake calipers painted in high-gloss black with RS logo

Audi Complete

If you drive under 10,000 miles per annum your vehicle will be placed on a Fixed Inspection Service schedule. If your mileage tends to exceed 10,000 miles per annum it will be placed on the Flexible Service schedule.

Warranty

All new Audi models come with a three-year warranty as standard, and you can choose to extend this to a four or five-year warranty* for a one-off cost. What's more, if you decide to sell your Audi before the warranty expires, it will be fully transferred to the new owner.

- = Not available
• = Available
S = Standard

*Three-year warranty consists of a two-year unlimited mileage warranty and a third year warranty with a 60,000-mile limitation. Four-year warranty consists of a two-year unlimited mileage warranty and two further years' coverage with a 75,000-mile limitation. Five-year warranty consists of a two-year unlimited mileage warranty and three further years' coverage with a 90,000-mile limitation.

**Only available before registration of your Audi RS 6 Avant. Please speak to your Audi Centre for full details.

†Total RRP inc VAT – Recommended Retail Price including VAT which is calculated at 20%. This may alter to reflect any change in the applicable VAT rate.

Audi Complete is our fixed-cost maintenance plan, which helps you keep your Audi in top condition and stay in control of your finances. For a simple monthly payment, you could cover your car's servicing, maintenance and, if you want, its tyres too.

So not only will you ensure your car runs smoothly, regular servicing can also protect its future resale value. And because everything's covered by one competitive price, there's no need to go anywhere else.

Pricing is completely tailored to your vehicle and takes into consideration the options you have on your vehicle and your likely annual mileage and resultant service schedule. Please speak to your Audi Centre for a personalised quote for Audi Complete.

The Audi **Difference**

The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the Fixed Inspection Service and the Flexible Service schedule. The conventional fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service schedule for you based on your individual circumstances and preferences.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum Mainly city/town centre driving. Short journeys.
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/one year
Inspection Service	Fixed to every 19,000* miles/two years

Flexible Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/two years
Inspection Service	Fixed to every 19,000* miles/two years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:

Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs
High engine-loading conditions, e.g. frequent towing and hill climbs

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.* We guarantee we can service your Audi within five days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a two-year guarantee.**

No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

Your new car comes complete with three years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit www.audi.co.uk

*Subject to availability.

**Excludes wear and tear.

RS 6 Avant technical data

	RS 6 Avant	RS 6 Avant Performance
Engine	4.0 TFSI quattro	4.0 TFSI quattro
Transmission	8-speed tiptronic	8-speed tiptronic
Cylinder	V8	V8
Displacement, cubic cm	3993	3993
Max. power, ¹ PS at rpm	560/5700-6600	605/6100-6800
Max. torque, Nm at rpm (in overboost)	700/1750-5500	700 (750)/1750-6000 (2500-5500)
Top speed, mph*	155	155
0-62mph acceleration, seconds	3.9	3.7
CO ₂ emissions, ² g/km	223	223
Benefit in kind 2016/17 tax year (BIK)%	37%	37%
Fuel consumption, ² mpg (l/100km) Urban	21.1 (13.4)	21.1 (13.4)
Fuel consumption, ² mpg (l/100km) Extra Urban	38.2 (7.4)	38.2 (7.4)
Fuel consumption, ² mpg (l/100km) Combined	29.4 (9.6)	29.4 (9.6)
ABI insurance group 1-50**	50E	50E
Unladen weight, ³ kg	1950	1950
Gross weight limit, kg	2580	2580
Roof load limit/nose weight, kg	100/85	100/85
Max trailer load unbraked	750	750
Max load 12%	2100	2100
Max load 8%	2100	2100
Luggage compartment, seats upright, litres	565	565
Luggage compartment, seats folded, litres ⁴	1680	1680
Fuel tank capacity approx, litres	75	75
Emission standard	EU6	EU6

*Electronically limited. Please see pages 50 and 51 for options to increase limit.

**Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigrouprating for details.

¹The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

²Fuel consumption and CO₂ emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

³Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

⁴Loaded up to roof with rear seat folded down.

RS 6 Avant dimensions

The technical drawings opposite show the exact dimensions of the RS 6 Avant, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.

Dimensions in millimetres. Optional equipment may affect dimensions.

*With roof aerial the height of the vehicle is 1,482mm.

**Maximum headroom.

***Shoulder width room.

****Elbow width room.

Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Luggage compartment volume in litres: 565/1,680 (measured by the VDA standard test method using 200 x 100 x 50mm blocks; second value: with rear seat folded down). Turning circle approx. 11.9m.

Pricing and Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to drive a car created in the spirit of Vorsprung durch Technik. And because we believe the service we offer should reflect the quality of our cars, we want to let you know exactly what you can expect from us, now and in the future.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

Information in this guide

We've done all we can to make the prices, specifications, technical details and all other information you see in this guide accurate at the time of publication. However, as our products are constantly being updated, we recommend checking the details with your Audi Centre. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the Total RRP inc VAT vehicle price.

Delivery charge	£504.99
Number plate	£20.00
VAT	£105.01
Total	£630.00

Archiv: www.auto-preisliste.de

Recommended On-The-Road (OTR) prices include the delivery and number plate charges above, Road Fund Licence (which may vary depending on model/transmission – see table for details) and first registration fee at £55.00.

The images featured in this guide are for illustrative purposes only. They may feature left-hand drive vehicles and include equipment that is not UK specification.

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- ▶ A three-year Audi warranty, which covers you for unlimited mileage in the first two years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the third year
- ▶ A three-year paint warranty
- ▶ A 12-year anti-corrosion warranty
- ▶ Three years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a four-year or five-year Audi warranty. Speak to a member of the sales team for more information.

Warranty terms and conditions apply. Please see www.audi.co.uk/warrantyterms for further details.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 0870 241 5663.

Audi Financial Services

Audi Financial Services specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- ▶ Solutions – a Personal Contract Plan
- ▶ Hire purchase
- ▶ Lease purchase
- ▶ Finance lease
- ▶ Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

To ensure you can start enjoying your new car from day one, the first five days' insurance is included as standard with all new Audi models. To activate simply call 0330 303 6900, provide us with a few details, and we'll send a cover note to your Audi Centre. They will then tax your car and you can drive it away. Telephone lines are open Monday to Friday 8am–8pm and Saturday 9am–4pm. For details of our full range of Insurance products visit www.insurewithaudi.co.uk

Audi Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ("VWFS UK"). Registered in England and Wales No. 2835230. Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Financial and consumer credit services are provided by VWFS UK. Volkswagen Financial Services (UK) Limited is authorised and regulated by the Financial Conduct Authority, registration number 311988. Audi Motor Insurance from Audi Financial Services is sold and administered by Ageas Retail Limited, registered in England and Wales No. 1324965. Registered office: Ageas House, Hampshire Corporate Park, Templars Way, Eastleigh, Hampshire SO53 3YA. Ageas Retail Limited is authorised and regulated by the Financial Conduct Authority (FCA), registration number 312468. Volkswagen Financial Services (UK) and Ageas Retail Limited are not part of the same corporate group.

CO2 data and information

CO2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO₂) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£110.00
E – 131 to 140g/km	£130.00	£130.00
F – 141 to 150g/km	£145.00	£145.00
G – 151 to 165g/km	£185.00	£185.00
H – 166 to 175g/km	£300.00	£210.00
I – 176 to 185g/km	£355.00	£230.00
J – 186 to 200g/km	£500.00	£270.00
K – 201 to 225g/km	£650.00	£295.00
L – 226 to 255g/km	£885.00	£500.00
M – over 255g/km	£1,120.00	£515.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi Connect

An external data source is required to enable Audi Connect online services. One of two can be used:

1. A Bluetooth-compatible mobile telephone with remote SIM Access Profile (rSAP). For mobile phone and software compatibility, please visit www.audi.co.uk/phonecompatibility or your Audi Centre.
2. A separate SIM card with data option (which can be inserted into the included SIM card reader). If LTE usage is required the SIM card will also need an LTE option. When a separate SIM card is used, hands-free phone calls are possible by connecting a different mobile telephone via Bluetooth Hands-Free Profile. For mobile phone and software compatibility, please visit www.audi.co.uk/phonecompatibility or your Audi Centre.

Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online-based services offered may vary.

When ordered as an option, a 36-month Audi Connect subscription is provided with your vehicle. The subscription runs from the point of vehicle delivery. Should you wish to continue to use Audi Connect after 36 months, please consult your Audi Centre for details (including the latest subscription fees).

Audi Connect services listed are correct at time of publication. We may add, change, replace or remove individual Audi Connect services or features at any time during your subscription.

Audi Connect enables access to the services of Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Google and Twitter. Google and the Google logo are registered trademarks of Google Inc.

The availability of services supported by Audi Connect varies from country to country and is dependent on the capability of your mobile phone. For mobile phone and software compatibility, please visit www.audi.co.uk/phonecompatibility or your Audi Centre.

Online Map updates for MMI Navigation Plus

The map version delivered can be updated with the first five updates which are issued at intervals of 6 months. The current navigation data can be downloaded from the myAudi Platform at www.audi.com/myaudi and installed in the vehicle via SD card. In conjunction with the optional Audi Connect, the update can be carried out online in the vehicle. In addition, it is possible to have the new navigation data installed by an Audi Centre at extra cost.
